# ABOUT TRIUMPH

---

Nearly half of Triumph employees in the UK work in design and development. Every new part and bike is tested to its absolute limits in every conceivable condition. During assembly over 400 separate checks are made to ensure every bike is built to our incredibly high standard

In 2023 Triumph officially claimed the GUINNESS WORLD RECORDS™ title for 'The greatest distance travelled on a motorcycle in 24 hours (individual)'. Riding a factory-specification Tiger 1200 GT Explorer on the High-Speed Ring at the Nardò Technical Center in Italy, 5x Enduro World Champion and Triumph Global Ambassador Iván Cervantes travelled more than 4012km in a 24-hour period, beating the previous record of 3406km by a huge margin of more than 600km.

Triumph has a glorious racing history, competing in and winning races in almost every class and field of motorcycle sporting achievement. In 2022 Triumph revealed its partnership with Thierry Chizat-Suzzoni, one of the sport's most experienced and successful team owners, who will field two of Triumph's all-new 250cc 4-stroke MX bikes in the 2024 MX2 class and will add an entry into the 450cc MXGP class in 2025.
